The information in the above table reflects that decline has been very less in the current year as compared to corresponding period of previous year. The key reasons for the decline are as follows:
i. Slowdown in developed and emerging economies.
ii. Sharp fall in Crude and petroleum product prices

The Government has taken following measures to boost the country's exports including exports from small and medium industries:

(i) The New Foreign Trade Policy (2015-20) was announced on 1st April, 2015 with a focus on supporting both manufacturing and services exports.

(ii) The Merchandise Exports from India Scheme (MEIS) was introduced in the Foreign Trade Policy (FTP) 2015-20 on April 1, 2015. The Government has extended the market coverage to all countries in respect of 7914 lines. The revenue forgone under the scheme (MEIS) has increased from Rs. 22000 Crore to Rs. 23500 Crore per annum.

(iii) The Government launched Services Exports from India Scheme (SEIS) in the FTP 2015-2020. The Scheme provided rewards to service providers of notified services who are providing service from India.

(iv) The Government is implementing the Niryat Bandhu Scheme with an objective to reach out to the new and potential exporters including exporters from Micro, Small & Medium Enterprises (MSMEs) and mentor them through orientation programmes, counselling sessions, individual facilitation, etc., on various aspects of foreign trade for being able to get into international trade and boost exports from India.

(v) By way of trade facilitation and enhancing the ease of doing business, Government reduced the number of mandatory documents required for exports and imports to three each, which is comparable with international benchmarks. The trade community can file

applications online for various trade related schemes. Online payment of application fees through Credit/Debit cards and electronic funds transfer from 53 Banks has been put in place.

(vi) Interest Equalization Scheme on pre & post shipment credit launched to provide cheaper credit to exporters.

(vii) Further, the Government continues to provide the facility of access to duty free raw materials and capital goods for exports through schemes like Advance Authorization, Duty Free Import Authorization (DFIA), Export Promotion Capital Goods (EPCG) and drawback / refund of duties.
The Government is conducting quarterly quick employment surveys in export-oriented sectors to assess the effect of economic slowdown on employment in India. As per the latest "Quarterly report on changes in employment in selected sectors" released by Ministry of Labour and Employment, employment in the exporting units has increased by 31 thousand at overall level during the period ending September, 2015 over June, 2015.
